

## **Help Our Neighbors Application**

The Help Our neighbors Fund was created in late 2008 by our Board of Trustees in response to significant increases in calls for urgent assistance for basic human needs for individuals and families (e.g. emergency expenses, rent, utilities, licenses and certifications, transportation to work, essential medication, medical care). Since then more than \$57,000 in grants have been made to local nonprofits.

## **Eligibility Criteria**

To apply, an organization must be a designated 501(c)(3) nonprofit under the Internal Revenue Code (which includes churches) and be able to provide evidence of that designation. The organization must be located in and providing services for residents of Anne Arundel County. Eligible organizations must have a proven and well-established capacity to determine eligibility for urgent financial assistance, and a track record of ensuring that financial assistance is provided to families and individuals with the most need in Anne Arundel County. Eligible organizations must have a transparent and documented process for tracking the use of their financial assistance.

Grants will be awarded from a minimum of \$250 to a maximum of \$2,500 to provide emergency financial assistance to families and individuals in need in Anne Arundel County. Specifically, the funds should provide assistance in paying for rent, car repair, utilities, medicine, food, and other basic necessities. Disbursements from the grant should be made directly to the vendor providing the service or emergency need (i.e. utility company, landlord, pharmacy, grocery gift card), unless exceptional circumstances apply. Grants must be disbursed immediately to a variety and diversity of individuals and families, and each disbursement must not exceed \$500 unless exceptional circumstances apply. The severity and urgency of the need to be addressed and the impact of the financial support on an individual's or family's ability to remain independent should be the determining consideration in the disbursement of funds.

All grant applications will be accepted from eligible organizations on a rolling basis. Grants requests will be reviewed within 14-21 business days. Depending on the availability of funds, an organization may apply for a grant subsequent grant after sufficiently documenting the disbursements from the previous grant.
